

Before the FEDERAL COMMUNICATIONS COMMISSION
Washington, DC 20554

In the Matter of 2002 Biennial Regulatory Review -
Review of the Commission's Broadcast Ownership Rules
and Other Rules Adopted Pursuant to Section 202
of the Telecommunications Act of 1996,
Notice of Proposed Rulemaking,
MM Docket No. 02-277, (rel. Sept. 23, 2002)

To: The Secretary, FCC Commissioners, and Chief, Media Bureau

Conglomeration of media ownership does not serve the public interest and is likely to promote disinformation, distrust, and the propensity of those in power to "control" the news. To promote competition, diversity and local content, the FCC should retain the current media ownership rules and impose stricter public interest requirements.

The studies commissioned by the FCC are flawed and incomplete. By allowing our media outlets to merge print and broadcast facilities a greater restriction on the breadth of news and information available to citizens to act in the public interest will result.

The public interest will best be served by preserving media ownership rules in question in this proceeding.

I strongly encourage the Commission to hold hearings in all parts of the country and solicit the widest possible participation from the public which will be the most directly affected by the outcomes of these decisions.

Thank you,

Elizabeth Nelson
